REPORT OF THE AUDITORS

January 28, 1953.

We have examined the accounts of the tax collector town clerk, treasurer, selectmen, overseer, municipal court and trustees of trust funds, and find the same to be correctly cast and properly vouched. We feel that for work done on this year's audit, including the preparation of detailed receipts and payments of this year's town report, that the auditor's salaries should be \$80.00 instead of \$100.00 as voted and therefore are refunding \$20.00 each.

TEAM WORK WILL DO THE JOB

Team work has won victories from time immemorial — for families, towns, cities, states and nations. Team work is the highest form and most democratic example of cooperation. Without team work, America and Americans would never have achieved the greatness that is theirs. We are all aware of its power and appeal. It is no less needed now than in the past.

Team work among those who live, work and recreate in and near woodlands is vital. There never was a time when our woodlands as a whole were in such precarious condition as they are now.

Since the hurricane, nearly 900,000 acres of slash have been added to our already sizeable slash problem. If we are to avoid unnecessary trouble with fire in our woodland areas everyone must cooperate — we must have team work. The remedy is simple—

YOU and YOU and You and You

MUST secure the required permit from your local forest fire warden before burning.

MUST use necessary precautions while burning or smoking in or near woodlands.

MUST not throw lighted cigars, cigarettes and matches from vehicles moving along highways.

Otherwise **YOU** might well contribute to a costly and damaging fire. And don't forget that fire might destroy your own property!

REMEMBER—Only YOU and YOU and YOU can prevent fire!

TEAM WORK WILL DO THE JOB!
